CONSIDERING the ”Joint Action for the promotion of Italian Higher Education Abroad”, adopted at the beginning of 2017 by the Ministry of Foreign Affairs and International Cooperation (MAECI) in conjunction with the Ministry of Education, University and Research (MIUR);

HAVING REGARD TO resolutions of the Academic Senate of 13/02/2020 and of the University’s Governing Body of 14/02/2020 concerning the Calls for early admission
Art. 1 
Announcement
The University of Calabria announces a public selection, based on qualifications only, for early admission of NON-EU students to 1st Cycle Degree Courses (Three years’ Bachelor Degrees) and 2nd Cycle One-Tier Degree Courses (Five years’ Master’s Degrees) for Academic Year 2020/2021. The slots available for each Degree Course are listed in annex C.

Art. 2 
Admission requirements
All NON-EU students holding a secondary school qualification - obtained after at least 12 years’ schooling and according to the provisions of Annex A to this call (to be considered as a reference before the new ministerial provision is published) can participate. Students who will get their qualification during the school year 2019/2020 can provisionally participate in the competition. Failure to obtain their qualifications will result in the applicants losing their right to enrol.

NON-EU students must apply for pre-registration at the Italian diplomatic mission in their home country according to the calendar for admission procedures at Universities for a.y. 2020/2021, published on the website http://www.studiare-in-italia.it/studentistranieri/.

The pre-registration application is provisionally accepted by the Italian diplomatic missions if the student is attending the last year of secondary school and is about to do the final exam.

For more information on the pre-registration procedure at the Italian diplomatic missions, please see:
- http://www.studiare-in-italia.it/studentistranieri/
- http://vistoperitalia.esteri.it/home/en#BMQuestionario

Registration for the entry test to the One-Tier Master’s Course in Building Engineering and Architecture takes place according to the procedures outlined on the portal http://www.universitaly.it. International students, selected through this competition for admission to the abovementioned Degree Course, have to pass the entry test that will take place at the University of Calabria in September 2020 (the interested students will be notified of the exact date in time). Absent applicants will lose their right to register in the Degree Course in Building Engineering and Architecture for a.y. 2020/2021.

Art. 3 
Declaration of Value
After enrolment, applicants will have to submit to the International Relations Office, Welcome Office service, Via Savinio – Residential Centre area, within the first exam session of a.y. 2020/2021, their qualification with its official translation into Italian, authenticated by the Italian diplomatic mission in charge of their territory or endorsed with Apostille. Moreover, they have to present the Declaration of Value, issued by the Italian diplomatic mission in charge of their territory or, as an alternative, the certification issued by ENIC-NARIC centres (www.enic-naric.net) in Italian or in English, such as the Statement of Comparability of foreign qualifications issued by CIMEA. Failure to submit the abovementioned documents by the deadline will result in career operations and the possibility of taking exams being stopped.

Career operations will be available again after submission of the abovementioned documents.
Art. 4
How to apply
In order to participate in this selection, aimed at getting early admission to one of the three years’ Bachelor Degrees or the five years’ Masters’ Degrees, applicants, under penalty of exclusion from the selection process, must correctly fill in all the parts of the on-line application form on the website http://www.unicaladmission.it/ and upload the documents required. Applications must be submitted by 23:59 (Italian time) of 02 April 2020 at the latest.

Art. 5
Early admission
The slots for three years’ Bachelor Degrees and for five years’ Master’s Degrees will be assigned according to merit rankings established for each Degree Course, consistently with the criteria provided by each department and based on the slots reserved to international students. If two applicants obtain the same score, the younger will prevail. Applicants holding an appropriate position in the merit ranking, according to the number of slots available in each Degree Course, will be declared winners.

Within 10 days of the ranking publication, the winners will have to send the abovementioned form, duly filled in, to the email address: welcomeoffice@unical.it. The students that have accepted will receive an admission letter by email, which is also useful to obtain the STUDENT Visa for “University Enrolment”.

Failure to accept admission according to the abovementioned criteria and by the aforesaid deadline will result in the applicants losing their right to early admission to the chosen Degree Course.

Moreover, the winners will have to attest the issuance of the STUDENT Visa for “University Enrolment” within 15 September 2020, ONLY by sending an email, from their personal address provided in the application form, to the email address welcomeoffice@unical.it. Failure to comply with this communication will result in the applicants losing their right to enrol in the chosen Degree Course.

In order for enrolments to be complete, students must pay a registration fee. This is to be done with no delay by 12:00 (Italian time) of 23 September 2020. Winning students appearing on the lists of pre-registered students sent to the University of Calabria by the Italian diplomatic missions can pay the registration fee after they have obtained their STUDENT Visa for “University Enrolment” and by 12:00 (Italian time) of 23 September 2020.

Art. 6
Early admission from waiting list
Any slots remaining vacant after the acceptance procedure mentioned in art. 5 will be assigned from the waiting list on the relevant ranking. Applicants will be declared ‘winners from waiting list’ if they appear in an appropriate position in the ranking according to the slots left for each Degree Course. Winners from waiting list appearing on the merit rankings published on the website http://www.unicaladmission.it/, must follow the acceptance and enrolment procedure established in art. 5.
Art. 7
Scholarships and Services
Applicants enrolled at the University of Calabria can participate in the competition for the allocation of scholarships and services (board and lodging), taking into account the available resources, according to the provisions of "Bando di concorso per l’assegnazione dei benefici e dei servizi del diritto allo studio A.A. 2020/2021", available on the website www.unical.it/cr, starting from the month of June 2020.

Art. 8
Tuition fees
Selected applicants will have to pay tuition fees according to annex B.

Art. 9
Italian language test
NON-EU students residing abroad must pass the Italian language test that will take place at the University of Calabria by 30 September 2020, which will also be valid to check their adequate entry preparation.

Art. 10
Person in charge of the procedure
The person in charge of the procedure for this call is Dr. Gianpiero Barbuto.

Art. 11
Verification
The declarations are verified by the University’s administrative personnel. In case of verified untrue declaration, art.71 of Presidential Decree n° 445 of 2000 shall apply.

Art. 12
Privacy Policy
The Data Controller is Università della Calabria
The Data Protection Managers are Dr. Gianfranca Russo (email: servizididattici@unical.it) and Dr. Gianpiero Barbuto (email: welcomeoffice@unical.it).
The Data Protection Officer is Atty. Sergio Niger (email: rpd@unical.it).

The data will be processed for institutional purposes and in compliance with Regulation (EU) 2016/679, as well as with legislative Decree No 196/2003. For further information, please see Appendix.

THE RECTOR
Nicola LEONE
ANNEX - A

Ministerial provisions concerning the “Procedures for entry, stay and enrolment of foreign/international students in higher education courses in Italy”
(As a reference, before the new ministerial provision is published)

Foreign qualifications valid for admission to higher education institutions

1. QUALIFICATIONS OBTAINED AT THE END OF A PERIOD OF SCHOOLING OF AT LEAST 12 YEARS

These qualifications are valid for admission to degree courses and to one-tier Master’s degree courses at Italian Universities and at first-level academic Diploma courses at AFAM institutions, provided that they allow access to a similar course to the one applied for in Italy at the Universities of the country whose legislation they are governed by. These qualifications allow the continuation of studies in the Italian higher education system, if they have been achieved after at least the last two years of attendance with a positive outcome in the foreign education system. Higher education institutions will be responsible for carrying out this assessment by taking into account the whole education path, in line with current national and international regulations.

Italian higher education institutions will still be allowed to request additional admission requirements, in line with their own regulations and with the selected Degree Course.

In calculating the twelve years, a pre-school year may be considered, where applicable and officially recognized as an integral part of the national curriculum, on condition that attendance at this year is mandatory and the syllabus provides for the teaching of reading and writing of the language of that country and the first elements of arithmetic.

2. QUALIFICATIONS OBTAINED AT THE END OF A PERIOD OF SCHOOLING OF LESS THAN 12 YEARS

In order to compensate for the missing years of schooling, in case of qualifications obtained after a period of schooling of less than 12 years, higher education institutions may alternatively request:

1. An academic certificate showing that all examinations provided for have been passed for the first year of university studies in the case of a local school system of 11 years, or an academic certificate showing that all examinations provided for have been passed for the first two academic years in the case of a local school system of 10 years.

2. An official Italian or foreign qualification of post-secondary studies, whose subject must be similar to the selected programme, obtained at a non-university higher Institute, corresponding to a one-year period in the case of a local school system of 11 years, or to a two-year period in the case of a local school system of 10 years.

3. Certifications from other Italian universities related to preparatory courses (foundation courses), which compensate for the missing years of schooling.

4. Certifications related to preparatory courses (foundation courses), also for periods of less than one academic year, which confer the appropriate knowledge, skills and competences in order to attend the selected programme of study within the same institution.

The abovementioned additional and complementary certifications for secondary school obtained with less than 12 years of schooling allow, in Italy, only for enrolment in the first academic year and cannot be further evaluated for enrolment with shortening of the course, in order to avoid double assessment of the same qualifications.

3. QUALIFICATIONS ISSUED BY UNIVERSITY INSTITUTES OF ECCLESIASTIC STUDIES LOCATED IN ITALY AND APPROVED BY THE HOLY SEE

These qualifications must be endorsed only by the competent ecclesiastical authorities and duly legalized by the Prefettura in Rome (Ufficio Bollo).

Applicants in possession of the qualifications thus endorsed and legalized, must submit to the University or to the relevant diplomatic mission a photocopy of the qualification and submit the original after admission tests, upon registration.
4. US HIGH SCHOOL DIPLOMA

Students holding the qualification of High School Diploma (HSD) who have passed at least three US "Advanced Placements" (APs) with a score of 3 to 5, in three different subjects related to the university programme in which they wish to register are allowed to enrol in the first academic year. The presence of an "AP" in Italian will be compulsory only for students with foreign citizenship.

The "AP" in Italian will not be valid for this purpose in the case of students with Italian citizenship or in the case of enrolment in courses taught entirely in English. These qualifications allow the continuation of the studies in the Italian higher education system, provided that they have been achieved during at least the last two years of attendance, with a positive result, in the foreign education system. It will be the responsibility of higher education institutions to evaluate the qualifications by taking into account the whole education path, in line with current national and international regulations.

Students with a High School Diploma qualification may also be enrolled, provided that it is followed and integrated by two complete years of further "College" programme (Associate degree), or by a full year of further "College" programme whose completion allows transition to the second year and if they have passed four different "Advanced Placements" (APs), as long as they are obtained in subjects relevant to the selected university programme.

This enrolment will be possible even if the education path following the attainment of the High School Diploma is attended at university institutions in a third country. In this case, the competent academic bodies of Italian higher education institutions will evaluate the whole congruity of the path, whose duration cannot, however, be of less than one year.

5. UK QUALIFICATIONS

UK qualifications allow for enrolment if they certify the student has passed at least three subjects -relevant to the selected programme - at an advanced level (A level). The presence of an A level in Italian will be required only for students with foreign citizenship, therefore it cannot be considered among the three A levels required in the case of students with Italian citizenship or in the case of enrolment in programmes taught entirely in English.

A combination of 3 different subjects between A level and Cambridge Pre-U Principal Subjects can also be considered. The Cambridge Pre-U Diploma, composed by 3 Principal Subjects + Global Perspective and Research, can be considered by higher education institutions as an alternative to the 3 A levels for access to the first cycle. It is understood that an A level or a Pre-U Principal Subject in Italian will be required only for students with foreign citizenship, therefore they are not required in case of students with Italian citizenship or in case of enrolment in programmes taught entirely in English.

The final Diplomas issued by the British Schools listed in Annex 2 - paragraph 3 are valid for enrolment in Italian universities in accordance with the specific conditions set out in the agreements between Italy and Great Britain. Scottish qualifications allow enrolment if they certify the student has passed at least three Advanced Highers or, alternatively, 2 Advanced Highers and at least 4 Highers.

6. GREEK QUALIFICATIONS – "APOLITYRYN"

These qualifications allow for enrolment only if they are obtained with a minimum average passing grade of 10 out of 20. Candidates must also have obtained a certificate of academic eligibility called "VEVOSSI PROSVASSIS". Only those who prove they have achieved Apolityrion before 1999 and can furnish proof that they resided in Italy during the 1999/2001 triennium can be exempt from this certificate of eligibility. This three-year period coincides with the transitional period established by the recent Greek legislation for the achievement of the aforementioned certificate within a regularisation procedure.
ANNEX B – Tuition fees

International students who are not awarded a scholarship, according to art.7, will pay:

- **16.50 euro** upon enrolment;
- At a later time, they will pay the only tuition fee of **€ 700.00**, to be paid by instalments.

The following students are **EXEMPT** from paying the € 700.00 tuition fee:

- International students who benefit from the scholarship of the Italian Government, within programmes of cooperation and development and in the framework of cultural and scientific intergovernmental agreements and relevant periodic executive programmes. After the first academic year, the exemption is subject to the renewal of the scholarship by the Ministry of Foreign Affairs;
- International students coming from one of the particularly poor Countries, whose list is established yearly via decree by MIUR (Ministry of Education, University and Research) which adopts the provisions under art.13, paragraph 5, of D.P.C.M. (Decree of President of the Council of Ministers) 09/04/2001, and subsequent modifications. According to this decree, for these students, "the assessment of the economic condition is based on a certification of the Italian representation in the Country of origin which certifies that the student does not belong to a family notoriously of high income and of high social status." The abovementioned exemption can be extended to the legal duration of the Degree Course, with a possible extension of one year, provided that the student possesses, on 31 December following the last year of course, the following credits: three years' Bachelor's Degree: 130 CFU; five year's one-tier Master's Degree: 216 CFU.

Notice in pursuance of art. 13 of Regulation (EU) 2016/679 (GDPR)
This notice constitutes an obligation provided for in Regulation (EU) 2016/679, General Data Protection Regulation (hereinafter referred to as GDPR), that, in pursuance of art.13, stipulates that data subjects must receive the necessary information and that their personal data must be processed in a correct and transparent way. This notice is addressed to those who work at Università della Calabria.

Data Controller: Università della Calabria.
Data Protection Manager: Dr. Gianpiero Barbuto, Head of International Relations Office (email: welcomeoffice@unical.it);
Data Protection Manager: Dr. Gianfranca Russo, Head of Organisational Unit for Educational Services at Università della Calabria (email: servizididattici@unical.it);
Data Protection Officer: Atty. Sergio Niger (email: rpd@unical.it)

Purposes and legal references for processing data
The processed data, provided upon request to participate in the competition for admission to degree courses or, after this stage has been completed, upon enrolment and during the education path until the final graduation exam takes place, are collected and used within the limits set by laws and regulations or treaties, for institutional purposes. It is hereby specified that data are processed according to the general principles of lawfulness, transparency, fairness, accuracy, minimization, confidentiality and integrity in pursuance of art. 5 GDPR and that they will be processed exclusively to carry out administrative and educational activities. The University can also process personal data for statistical and scientific purposes, as well as to favour the analysis and improvement of activities and services related to teaching, research and the right to study.

Processing methods and data subjects
The personal data requested and acquired are collected and processed, both in paper and with digital (ICT) tools, for purposes related to the University’s institutional activities. In order to calculate fees and taxes, the University accesses the income data of the student’s family. The data are mostly processed by means of ICT systems in order to calculate taxes and tuition fees.

The data are also communicated to the Public Bodies that provide supervision (for example, Agenzia delle Entrate, INPS, Guardia di Finanza and Questura).
Any sensitive and/or legal data will be processed in compliance with GDPR and with the Regulation for sensitive and legal data of Università della Calabria.
Providing some personal data (surname, name, residence, tax code, e-mail) and the submission of copies – even digital – of some documents (e.g. passport, residence permit, qualifications held) is necessary to establish a relationship between the student and the University. This submission is, therefore, mandatory. Failure to submit these data will make it impossible for the University to establish the relationship and the relevant administrative procedure.

Data Subjects’ Rights
Data subjects have the right to ask the Data Controller, in the cases provided for, to access their personal data, correct or delete them, limit the processing of their data or to oppose the processing (art 15 and subsequent articles of GDPR).
They exercise these rights by writing to the Data Controller.
If you are a minor, before communicating your data to the University, you must read the notice carefully with your parents or someone in their place.
A more detailed notice is available at the address unical.it/privacy.
